Phil G. Rice MRN: 427582802

11/8/2019 2:50 PM NURSE CLINIC ACP 303-338-4545

This summary has health information about your visit.

Instructions

Patient Instructions

Thank you for coming in today to have your blood pressure checked. Please continue to take your high blood pressure medications as directed by your doctor at this time. Your doctor or health care team member will review your results and contact you if any changes need to be made regarding the management of your blood pressure.

Monitoring your blood pressure is important to your health. Making healthy choices such as eating right and increasing your activity level, as well as taking medication to lower your blood pressure if you need to, can help improve your blood pressure and your health.

Please feel free to call **303-338-4545** 24 hours a day, 7 days a week for any new symptoms, concerns or questions.
