RE: Case 2009-2060

Dear Mr. Tran:

The Colorado State Board of Pharmacy ("Board") considered the above referenced complaint at its March 19, 2009 meeting. After careful consideration of all the evidence before the Board, the Board determined that on May 23, 2008, you conducted both the initial interpretation and final evaluation of a new prescription in which doxepin 100 mg capsules were dispensed on an order for doxycycline 100 mg capsules.

The Board found that these facts comprised evidence of misconduct, which merited discipline. The Board hereby admonishes you for violations of C.R.S. sections 12-22-122(1), 12-22-125(1)(c)(I)(II)(III) and (k), 12-22-126(1)(h) and (i) and Board Rules 1.00.11 and 3.00.50(a) and (b).

This admonishment shall be made a part of the permanent records of the Board and is reportable as a disciplinary action. It may also be considered as an aggravating factor if you incur future violations. You may request that a hearing be initiated by the Board if you wish to dispute the information in this letter. The purpose of such a proceeding would be to adjudicate the propriety of the conduct upon which this letter is based. The Board must receive such a request from you within 20 days after you receive this letter.

If you make a timely request, the letter of admonition shall be deemed vacated pending resolution of formal disciplinary proceedings. Those proceedings involve a hearing conducted in accordance with the State Administrative Procedures Act.

Sincerely,

FOR THE COLORADO STATE BOARD OF PHARMACY

Wendy L. Anderson
Program Director
